Professional Summary

Fullstack Software Engineer (Web & Mobile) with 4+ years of experience, specializing in the JavaScript/TypeScript ecosystem. Experienced in software architecture, web and mobile development, system integrations, SaaS evolution, refactoring, technical debt reduction, and scalable AWS-based solutions.

Technical Skills

JavaScript • TypeScript • React • React Native • Expo • Next.js • Node.js • Express • HTML • CSS • Sass • Bootstrap • Tailwind CSS • Material UI • PostgreSQL • Redis • Prisma • Sequelize • TypeORM • AWS (RDS, EC2, Elastic Beanstalk, S3, Lambda) • Docker • Docker Compose • CI/CD • REST APIs • Software Architecture • Microservices • System Integration • Authentication • SaaS • Zustand • Supabase • Socket.io • MJML • Internationalization (i18n) • Unit Testing • E2E Testing

Professional Experience

Invenzi — Mid-level Fullstack Developer | Oct 2024 – Present

React • React Native • Node.js • PostgreSQL • AWS

- Led the architectural merger of two products, consolidating servers, dashboards, and the mobile application while expanding business capabilities.
- Designed distributed database integration (AWS RDS), cross-domain relationships, and centralized authentication across services.
- Managed infrastructure and deployments with AWS Elastic Beanstalk and Amazon S3.
- Developed Digital Wallet integration, modernizing credentialing and reducing physical credentials.

W3lcome — Fullstack Developer | Jun 2023 – Oct 2024

React • React Native • Node.js • PostgreSQL

- Designed and implemented a dynamic check-in workflow engine.
- Implemented platform internationalization (i18n) and transactional emails using MJML.
- Reduced technical debt through refactoring, bug fixes, and performance optimizations.
- Engineering team absorbed by Invenzi after product acquisition.

PontuaX — Fullstack Developer | Apr 2022 – Mar 2023

React • React Native • Node.js • PostgreSQL

- Developed analytics dashboards with interactive reports and engagement metrics.
- Implemented new features and ongoing maintenance.

Education

- Associate Degree in Systems Analysis and Development (Expected Graduation: Jul 2027) | Descomplica Faculdade
- Fullstack Web Development Program | Trybe (2021–2022)

Certifications & Languages

SFC Scrum Fundamental Certified

Project Management Foundations (Google/Coursera)

Secure JavaScript Coding Practices (Udemy)

English: Advanced reading and writing • Intermediate conversational proficiency
